1.4 Feedback System

1.4.2: Feedback process of the Institution may be classified as follows Feedback collected, analysed and action taken and feedback

1.4.2. Feedback Process of the Institution

S. No.	Details of Feedback System	
1.	Feedback collected for all courses	Yes
2.	Average Percentage of students who participated	90% -100%
3.	Feedback collection process	(i) Class committee meeting (ii) Academic Review Meeting (iii) End Semester Online feedback (iv) Department Advisory Committee Meeting
4.	Feedback analysis process	Collected , analyzed and action taken & Feedback available on website

Methodology being followed for analysis of feedback

The feedback collection process is done at four levels for the evaluation of our system.

(i)   Class committee meeting

The students are asked to interact and express the opinions and suggestions of the other students of the class in order to improve the effectiveness of the teaching-learning process during the class committee meeting conducted thrice in a semester.

In the first week of semester commencement, class committee is constituted by the class committee chairperson who is nominated by the Head of the Department. Moreover, the chairperson is neither the class advisor nor the faculty of the same class. At least 4 student representatives (usually 2 boys and 2 girls) shall be included in the class committee.

Thrice in a semester, the committee meets and academic/non academic issues are discussed. The chairperson prepares the minutes of every meeting, submits the same to the Principal within two days of the meeting and arranges to circulate it among the students and faculty concerned. If there are some points in the minutes requiring action by the Management, the same shall be brought to the notice of the Management by the Head of the Institution.

The functions of the class committee include:

❖ Solving problems experienced by students in the class room and in the laboratories.

❖ Clarifying the regulations of the programme and the details of rules therein.

❖ Informing the student representatives, the "academic schedule" including the dates of assessments and the syllabus coverage for each assessment period.

❖ Informing the student representatives, the details of regulations regarding the weightage used for each assessment. In the case of practical courses (laboratory /

project work / seminar etc.) the breakup of marks for each experiment/ exercise/ module of work, should be clearly discussed in the class committee meeting and informed to the students.

❖ Analyzing the performance of the students of the class after each test and finding the ways and means of improving the student's performance.

❖ Identifying the weak students if any, in any specific subject and requesting the faculty concerned to provide some additional help or guidance or coaching to such weak students as frequently as possible.

(ii)   Academic Review Meeting

❖ It is held twice in a semester before Internal Assessment Tests.

❖ The committee consists of head and senior faculty of other departments.

S. No.	Department	Review member
1.	Engineering	Science & Humanities HoDs and faculty members
2.	Science & Humanities	Engineering HoDs and faculty members

❖ Six students from a class are called for the meeting. The students group consists of best, average and poor performer in academics from regular and lateral. It also has representatives from hostel and a day scholar representing both male and female students.

❖ The details of syllabus completion, comfortable zone of the students, class control, interest of the students, their problems and their needs for each subject and Laboratory is received during the review.

❖ Further feedback on the faculty handling classes, their likes and dislikes in the institute/department is also received for providing better ambience in the institution.

(iii)   End Semester Online Feedback

This feedback is collected from the students through online at the end of every semester. All the students in each class are instructed to participate in the evaluation system.

PRINCIPAL
K. S. R. INSTITUTE FOR
ENGINEERING AND TECHNOLOGY,
K. S. R. KALVI NAGAR,
TIRUCHENGODE-637 215,
NAMAKKAL Dt. TAMIL NADU.

The feedback consists of the following 10 metrics:

1. Punctuality of faculty
2. Lesson planning
3. Clarity of explanation
4. Subject knowledge
5. Syllabus coverage
6. Answering to questions
7. Motivating students
8. Confidence in subjects
9. Availability for discussions
10. Friendliness with students

All the 10 metrics are evaluated for 10 points.

Rating of faculty in each subject is collected on different parameters and the average is calculated. The consolidated feedback will be communicated to the respective faculty members through the HoDs concerned and Principal. The faculty who secures less than 7 points (70%) is counseled by the department HoD and Principal. They are advised to correct themselves in the parameters where they are weak.

Indices of Rating for Faculty

Grading	Points
Excellent	$>=9.0$
Very Good	$7.5 - 8.9$
Good	$6.0 - 7.4$
Satisfactory	$5.5 - 5.9$
Poor	< 5.5

(iv)   **Department Advisory Committee Meeting**
         Objective

- ❖ The primary aim of DAC is to improve the quality and the academic performance of the department.
- ❖ DAC approves the financial strategy and annual operating plans and budgets of the department.
- ❖ It provides input on academics, research, administration and development of the department.
- ❖ It defines and reviews academic standards for the learning programmes concerned.

Composition

The composition of DAC is as follows:

1.   Chair person / Convener : Program coordinator
2.   Senior faculty members of the program
3.   Two faculty from other service department
4.   One/two nominees from Academic peer / Professional body members
5.   One/two nominees from Employers/ Industrialists
6.   One/two nominees from Alumni
7.   One/two student representatives from second year to final year
8.   One/two parents of either alumni or currently studying students
9.   One member from management (optional)

Responsibilities

- ❖ DAC consists of head of the department, senior faculty members and the representatives of key stake holders.
- ❖ DAC, chaired by the head of the department, receives the report of the Program Assessment Committee and monitors the progress of the program.
- ❖ DAC analyses on current and future issues related to programs.
- ❖ Develops and recommends new or revised program goals and objectives.
- ❖ DAC meets at least once in a semester to review the progress.

The valuable suggestions given by stakeholders in Department Advisory Committee Meeting were taken into account and are implemented in the forthcoming semesters.

Feedback Analysis Process

System of Reward

Faculty members who got excellent feedback (above 9 points) are identified and a letter of appreciation is given by the Head of the Institution.

Corrective actions taken

Faculty members who got satisfactory feedback (below 7) are identified and given

- ❖ Counseling to overcome weakness identified.
- ❖ Extending facilities for augmentation of teaching skills.
- ❖ Training through Faculty Development Programme to improve the quality.
  - ○ Senior faculty attends the class of the faculty concerned and the mode of improvement in teaching is suggested.
  - ○ Faculty members who have not obtained good appraisal will have a detailed discussion with the HoD to improve the teaching method.

Published on Website

The analysis of feedback and action taken report are published on website.

1.	Lab Conduction (Excellent/ Good/Avg/Poor)	Excellent	Excellent	-
2.	Execution of Pre Lab & Post Lab (Yes/No)	No	Yes	-
3.	Experiment Conducted (Ex: 3/12)	2/12	P-2/7, C-1/7	-
4.	Experiment Valuated (Ex: 3/12)	2/12	P-2/7, C-1/7	-

About	Positives/ Likes	Negatives/ Dislikes
Department : (IT)	Chance to learn Python in depth	• English- Ok, but need more explanation • Maths – little fast for the past two weeks • Physics – Board explanation is needed for derivation • PSP – Biology students feel tough
College :	• Club Activities are too good. • One day two subject approach is very effective and useful. • Supporting staff approach is good.	• Quality of food at hostel is not good • Buses are crowd for one week

Any Other Comments: Nil

DEPARTMENT OF INFORMATION TECHNOLOGY

Department Advisory Committee (DAC)

DATE: 06.08.2022

Minutes of the Meeting

1. The meeting started with the welcome address given by Mr. T. Selvaprabhu, AP/IT, for the members of Department Advisory Committee. He expressed his sincere gratitude towards all the members present for the meeting.

2. Dr. L. Selvam, HoD/IT explained about the Institute's Vision and Mission, followed by the Department's Vision andMission, PEOs and PSOs.

3. Then he explained the Program Outcomes (POs) and the procedure involved in defining outcomes for a particular course, namely Course Outcomes (COs) and its mapping with POs.

4. He also discussed about the process adopted for a course, starting from subject allocation, preparation of course plan, delivery of lectures and conduction of labs, conducting Internal Assessment Tests, question paper setting, content beyond the syllabus, arranging for guest lectures and workshops for respective courses, etc.

5. The meeting was further directed towards the major topic of finding the gap in curriculum (R2021) and identifying the scheme to bridge the gap would be made by the faculty member.

6. Dr. P. Mohan Kumar (Academician) suggested the following points.
   o Make the students to be aware of recent trends in IT field.
   o Prepare the students to choose their projects in recent domain and technologies.
   o Value Added Courses to be conducted in specific technologies which meet the industry requirement

7. Mr. Vignesh Raviprakash (Industrial Person) discussed,
   o The importance of SDLC and how it is been updated and the models which we studied in our syllabus are totally outdated.
   o All the core subjects should be taught with practical knowledge.
   o Certification Courses from MNC must be offered to students.

PRINCIPAL
K S R INSTITUTE FOR
ENGINEERING AND TECHNOLOGY,
K S R KALVI NAGAR
TIRUCHENGODE-637 215,
NAMAKKAL Dt, TAMIL NADU.

- Students should update with the new technology before entering into company which gives a positive sign in their growth.
- Syllabus should be framed as per the industrial recruitment, so that students can fulfill the industry needs.

8. Mr. Mohanakrishnan Ganesan (Industrial Person) suggested the students,
   - Students should have depth knowledge in their practical oriented subjects.
   - In curriculum, the important subjects (CN, OOPS, OS & DS) have been taught in the first two years itself, so students forgot the concept of core subject. But when they face the interviews, 80% of Questions have been asked from those subjects.
   - So during final year students should be given an overview of those subjects will help to get their placement.
   - Lab conduction should be beyond the syllabus (Logical Thinking, Analyzing, Comparing, etc).So students can do their project in current trends and can implement the new ideas as well.
   - Students should be trained in Development, Testing, Networking and Designing sides since jobs are lot in MNC's, and they should not be dependent on only field.

9. They (Industrial Persons) accepted to give Online Seminar or Workshop or briefing of any new technology adapted in companies to the students in upcoming months.

10. Few Suggestions were been clarified and few have been accepted for updating in the upcoming curriculum and semester.

11. The meeting was concluded by extending vote of thanks to the members by Academic Coordinator.

5. The meeting was further directed towards the major topic of finding the gap in curriculum and identifying the scheme to bridge the gap would be made by the faculty member.

6. Dr. P. Mohan Kumar,(Academician) suggested to the students that they should
   o Be aware of recent trends in IT field.
   o Choose their projects in recent technologies.
   o Value Added Courses tied up with industry certification can also be given as per university/industry point of view.

7. Mr. Vignesh Raviprakash, (Industrial Person) discussed,
   o The importance of SDLC and how it is been updated and the models which we studied in our syllabus are totally outdated.
   o Need of clear understanding of all the concepts in their subjects practically.
   o Certification Courses are preferable by all MNC's from students.

PRINCIPAL.
K S R INSTITUTE FOR
ENGINEERING AND TECHNOLOGY,
K S R KALVI NAGAR,
TIRUCHENGODE-637 215,
NAMAKKAL Dt, TAMIL NADU.

o Students should be able to update the new technology before entering into company which gives a positive sign in their growth.

o Syllabus should be frames as per the industrial recruitment so that students can be fulfill what industry needs and in what level they look off.

8. Mr. Mohanakrishnan Ganesan(Industrial Person) suggested to the students,

o That they should have in depth knowledge intheir practical oriented subjects.

o Most of the important subjects (TOC, OOAD, AIML, CI, MC and CG) have been taught in the first two years of courses and students have not touched after it, but when they attend interviews 80% of Questions have been asked from those subjects.

o So during final year also students should be given an overview or refreshment course of those subjects will surely help in their placement.

o Lab conduct should be out of syllabus (Logical Thinking, Analyzing, Comparing, etc) because, during project phase book materials can't be referred if they still depend on syllabus.

o Students should be trained in Development, Testing, Networking and Designing sides since jobs are lot in MNC's, and they should not be dependent on only field.

9. They (Industrial Persons) accepted to give Online Seminar or Workshop or briefing of any new technology adapted in companies to the students in upcoming months.

10. Few Suggestions were been answered and few have been accepted for updating in the upcoming curriculum and semester or years.

11. The meeting was concluded by extending vote of thanks to the members by Academic Coordinator.

CORRECTIVE ACTIONS

Facilities Feedback given by Students

Academic Year 2022– 2023

Hostel Feedback – Boys

Corrective action taken:

A fraction of boy's students in the hostel expressed that the food menu has to be changed. Some boys also complained about the mosquito problem in the hostel.
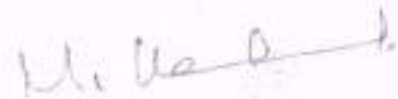

After discussion with the hostel warden change in menu was implemented and also decision was taken to spray mosquito pesticides.

Library Feedback

Corrective action taken:

Students requested that the library timings has to be extended in the evening hours.

After review with the librarian and the principal, the extension of library hours in the evening was implemented.

Principal

28/10/22
Member Secretary

Dr.M.Venkatesan, The Principal & Member Secretary of the Governing Council extended a warm welcome and thanked all the members for sparing their valuable time to make it possible to attend this meeting. Then, the items listed on the Agenda were taken for discussion one by one. The minutes of the meeting are as follows:

Item – 1

To confirm the minutes of the previous Governing Council Meeting.

The minutes of the 14th Governing Council Meeting held on 27-04-2022 is presented to the members. The members noted the minutes and approved the same.

Item -2

To peruse the note of the principal on the academic and others important activities during the period 2022 – 2023.

The Annual Performance Audit and Annual report were reviewed.

The members of Department Advisory Committee for all departments were approved.

The council perused the note of the principal on the academic, follow up in system in the academic year and other important activities of the college

NBA committee visited on 7th May 2022.And given extension approval for the next 3 years.

(Annexure – 1)

Item – 3

The status of Autonomous was reported by the coordinators, that the Application has been submitted to Anna University.

The committee members suggested for the departments to frame the syllabus for autonomous regulation with high standards.

Formation of Academic council members and Board of studies (BOS) for all the department were presented to the governing members for their kind perusal.

(Annexure – 2)

Item – 4

To report about the IQAC report and approval.

The AQAR Report & Annual Performance Audit and Annual report were submitted and reviewed.

PRINCIPAL.
K S R INSTITUTE FOR
ENGINEERING AND TECHNOLOGY,
K S R KALVI NAGAR,
TIRUCHENGODE-637 215,
NAMAKKAL Dt. TAMIL NADU.

The council approved and insisted to fulfill the needs as per the report given and approved the process.

Item – 5 (Annexure – 3)

To report the Functions of Antiragging and Vishaka committee (Complaints cum Redressal committee)

The committee coordinators explained the Functions of Antiragging and Vishaka committee (Complaints cum Redressal committee) and also the (POSH) Prevention of Sexual Harassment committee.
