

Industry supported laboratories

The technological updates and hands-on experience have to be imparted to the students to make them aware of the industry expectations. This is made possible by establishing industry supported laboratories.

The ECE department has established laboratories in association with the following organizations.

List of organization Supporting Industrial Laboratories

S.No.	Lab Name	Name of the Company with Address
1.	CISCO Incubator lab (CI Lab)	Avatar Academy - Networking and Security, Erode
